

She obtained her diploma secretariat modern languages - option medical secretarial - at the Vesalius institute in Ghent in 1995 and was immediately able to work on the radiology department.

Since 1997 Karolien has been working for the center for knee and hip surgery.
Her work is very diverse and encompasses the entire patient administration as well as the preparation and support of the consultations in Medical Center Latem.

In addition to her work for the knee and hip surgery center, Karolien has her hands full with her two energetic daughters Margot and Kato.
